**FOR IMMEDIATE RELEASE:**

## **The Center Announces the Recipients of the 2012 RoofPoint™ Excellence in Design Awards**

Washington, D.C. – January 3, 2013 – The Center for Environmental Innovation in Roofing (Center) is pleased to announce the recipients of the 2012 RoofPoint™ Excellence in Design Awards. This year's award winners were selected among nearly 100 projects submitted for consideration and evaluated based on the mission and criteria of RoofPoint.

RoofPoint is a voluntary, consensus-based green rating system developed by the Center to provide a means for building owners, roofing contractors and designers to select roof systems based on long-term energy and environmental benefits. With the launch of RoofPoint, the Center now recognizes design excellence through the RoofPoint program.

The 2012 RoofPoint Excellence in Design Award contest recognizes design excellence in eleven (11) categories. Award recipients best exemplify the spirit and requirements of specific RoofPoint credits, and demonstrate significant leadership in advancing the awareness and application of sustainable roofing. The 2012 award winners are listed below:

- *Excellence in Energy Management*  
DERBIGUM Americas, Inc.  
Project: Bayer CropScience – Kansas City, MO
- *Excellence in Materials Management*  
Sika Sarnafil  
Project: GM Aftersales Warehouse – Lansing, MI
- *Excellence in Water Management*  
Carlisle Construction Materials  
Project: Brooklyn Navy Yard Building 3 – Brooklyn, NY
- *Excellence in Life Cycle Management*  
Hutchinson Design Group, Ltd.  
Projects: Recognized for four (4) projects exemplifying high levels of durability and energy efficiency.

ROOFPOINT
